Texas Oil Polluters Want to Weaken California's Clean Air Standards. You Can Stop Them by Mailing Back Your Ballot Today.

VOTE NO_{ON} PROP 23

And Vote No on 26. You can stop Big Oil and protect our air and environment. You can protect children and seniors from asthma and lung disease. That's why the American Lung Association in California says No on 23 and 26. Your vote is needed in this important election to stop Prop 23 and Prop 26. Find Prop 23 and Prop 26 on your absentee ballot. Join your neighbors in Voting No on 23 and No on 26. *Stand up for California's health and environment.*

Oil companies from Texas wrote their own special interest bill to **kill California's tough clean air standards.**

Prop 23 & 26 are opposed by the American Lung Association in California because it will increase **air pollution that triggers asthma and lung disease.**

Vote No on 23 and No on 26 to protect California's environment.
